A SITUATION WANTED by a young man of good business qualifications one who has had long experience as Book keeper and Salesman to large Wholesale and Retail houses Wages not so much an object as a permanent situation Address J A M L, Postoffice
Portland Dec 6th 1862 tf

TO GUARD THE TREASURY —The Sacramento correspondent of the Marysville *Appeal*, speaks as follows of the action of the California Legislature in regard to preventing the greenback swindles which have become so alarmingly frequent with both State and Federal officials on this Coast

Assemblyman Smith of Butte has introduced in Act concerning State and County Treasurers and Revenue Collectors which requires them to keep all moneys belonging to the State or that may be collected by authority of law for federal purposes, or that may belong to any county in this State, in their own possession and they are "forbidden and prohibited from placing the same in possession of any banker, bankers or banking firm, or any person or persons whatever, to be used by them for any purpose whatever, for their own benefit or for the benefit of any other person and they are further forbidden and prohibited from loaning, borrowing, exchanging, converting or in any manner using the moneys belonging to this State, or any county of this State, or that may be collected by law for national purposes, or permit any other person or persons to use the same, either with or without interest or other compensation for purposes of exchange, conversions, or for any purpose whatever, except as provided by law" Violation of this Act, in any of its provisions is made a felony, punishable by imprisonment in the Penitentiary for not less than one year nor more than ten years, and fine of not less than $500 nor more than $10,000 and the guilty person shall be in addition disqualified from holding any office of honor, trust or profit in this State

HOMES FOR THE HOMELESS —The Stockton *Independent*, after speaking of the liberality of this nation in providing homes for poor people, adds

Has the party who commenced this bloody rebellion favored the policy of settlers—free white men—occupying the Government land? Is it the purpose of the Confederates that every man should have an independent home? The Southern negro aristocracy, fighting for the plantation system, are far more adverse to the interests of the laborer than even the aristocrats of Europe Yet we have the covert defenders of that system among us pleading with smooth tongued specious ways under the assumed guise of loyalty. Their harp has three strings, democracy, as they construe it; fault finding with the Government, and hiding the faults of those in open rebellion against it It is for every man to reason with himself and see where he stands—whether he favors the triumph of the rebel cause, or wishes for the perpetuation of a system of government which offers to every man an independent home

CONSISTENCY —Vallandigham is in favor of the Constitution as it is He lately introduced a resolution in the House of Representatives, with a view to reconstruct the Union as it was not, of which the following is the text:

And this House desires to offer the most earnest assurances to the country that they will, in due time, cheerfully co-operate with the Executive and the States for the restoration of the Union by such explicit and most solemn amendments and provisions of the Constitution, as may be found necessary for securing the rights of the several States and sections within the Union under the Constitution.

A PRECIOUS CARGO —The St Louis *Republican* of Dec 25th says

A commission merchant of this city, to-day shipped eight hundred and twenty bales of cotton on the steamer *Progress* for Pittsburg, from whence the cotton will go *via* railroad to Eastern markets Our readers will appreciate the advance in cotton caused by the war when we tell them that this cargo is worth, at present prices, a quarter of million of dollars. A shipment of equal value has never been carried from St Louis before by one boat.

Col T B Thorpe, in a recent letter, demonstrates the fact that white labor has been successfully employed in the extreme south. This explodes the long accepted theory that in certain portions of the south the only labor that could be relied on was that of the negro

A company is being formed in San Francisco to raise trout by artificial means They propose to create a trout pond near the Crystal Spring House San Mateo county, and import trout spawn from Lake Bigler.

It is probable that the whole of our great fleet of Monitors is now ready for service.

PRENTICE'S SAYINGS —The subjoined paragraphs are from the Louisville *Journal*

An old rebel woman at Franklin, in a most indecent letter to us boasts that she has "six girls all married to rebel husbands" The old sow has brought her pigs to a nice market

There are a great many poor devils in Camp Chase and when the late recreant commander at Hartsville shall be sent to that establishment there will be one Moore

It is said that the Blackfeet Indians show symptoms of becoming troublesome We should like to send a regiment of our blacklegs against them

The black flag that the rebels talk so much of exhibiting, turns out occasionally to be a white feather

The editor of the Hartford *Courant* raised the price of his paper as soon as he got married He was right A married man's newspaper is worth more than a bachelor's

We get a paper from Wisconsin that tries to rape the Louisville *Journal* In reading it we are reminded of the remark of a gentleman who was requested to pronounce upon a bank bill submitted to his scrutiny The counterfeit was bad he was very bungling, but the bank is first rate

SATURDAY MORNING, FEB 7, 1863

RIGHTEOUS SENTENCE —Fitz-John Porter who has just been cashiered and dismissed the service, was General Patterson's Adjutant General at the time of the first battle of Manassas, and is said to have been Patterson's military adviser. He was appointed a Brigadier General in the Army of the Potomac holding that rank in the regular army. He was rapidly promoted, step by step, to the command of a corps, for which he was indebted to the friendship of Gen McClellan. During the Peninsular campaign his corps was composed largely of regulars and seldom if ever rendered any service to the cause. He appears to have been the evil genius of McClellan who was entirely dominated by his haughty, sour temper. When he was placed under the command of Gen Pope he showed great reluctance in obeying orders on all occasions and spoke of his superior with marked disrespect. His insubordination culminated in his disobedience of orders on the 29th of August at the second battle of Bull's Run or Manassas, where he shamefully refused to engage the enemy, when by so doing it is likely that his support would have given the Union forces a complete victory. He was suspended from his command for this conduct and charges were prepared against him by Gen Pope but when McClellan marched to Antietam Porter resumed his command, and was a looker-on at that battle with twenty five thousand men, who never struck a blow during the day. Upon Gen. McClellan's removal, he was brought up on Gen. Pope's old charge against him, and punished as above described. He richly deserved death, as he was the cause of thousands of better men than himself dying for nothing in the battles around Washington.

MODERN CHIVALRY —An officer of the Army of the Potomac, gives an interesting account of friendly conversations between Federal and Confederate pickets, on the Rappahannock. After interchanging pipes and tobacco, all hands started in to discuss the cause and conduct of the war. The conversation was carried on in the most temperate and earnest manner, but with a radical difference of opinions. At length, the officer of the day comes around, finds them engaged in pitching quoits and amusing themselves with games of strength and skill, and orders his men to duty. These are the same men who surge forward in vast columns, while cannon cut great gaps in their ranks, sending hundreds to death at each round. Surely this is the very quintessence of chivalry.

INVESTIGATIONS.—Congressional investigation has developed a system of frauds on the part of persons connected with the recruiting, subsistence and quartermaster's departments of the army, which baffles all computation. The most strenuous exertions of the Administration have only diminished these evils, and not abolished them. This is solely because the only punishment which has been inflicted has been to cashier officers guilty of fraud and let private plunderers, in collusion with them, go scot free. Whenever the Government goes to hanging official delinquents, and putting their private abettors in prison, we may reasonably expect more vigorous prosecution of the war. A great deal is said by public journals about what the peace arrangements will finally be, but they ought to include some plan to punish public robbery.

A NICE POINT —The Central Pacific Railroad is entitled to certain lands on each side of the line of its track, and to the use of all the timber adjacent within certain bounds. Where the road runs through the Sierra Nevada, it is feared that the railroad company will entirely destroy the mining interest by a monopoly of the timber so essential to its successful prosecution. On one hand it is contended that the vested rights of the miners cannot be touched by the company, and another party, thinking the contrary, have introduced resolutions in the California Legislature asking Congress to pass a supplemental act to guarantee the rights of miners.

ARMY WAGONS FOR BOISE —Capt Hopkins, the U. S. Quartermaster at Fort Vancouver, yesterday let the contract for seventy wagons, more or less, to be used in the military expedition to the Snake country the coming spring. The wagons are to be of the Philadelphia pattern of army wagons, to be got up in the most substantial manner. The contract was awarded to H S Jacobs who has been extensively engaged in the manufacture of wagons for many years in this city. We look upon the letting of contracts of this kind here, as a proof that the manufacturing facilities of the city are coming up to the wants of the growing importance of its trade.

GAS AT THE DALLES —We are informed that Messrs. Leonard & Green, proprietors of the gas works in this city have been making an examination into the feasibility of establishing gas works in Dalles. If it is undertaken we are assured that it will be successfully carried out, by the vigor which has been displayed in building the works in this city.

The following is an abstract of the proceedings of the Oregon State Educational Association and Teacher's Institute for eight of the Evening Sessions, in the Public School House commencing

WEDNESDAY Feb 4th, 1863

The semi annual meeting was opened at 10 o'clock A M by the President Rev Bishop Scott. Only three regular members were present and the Secretary had not arrived with the Constitution and By Laws. But as twelve teachers present expressed a desire to become members, their names were taken and the Association commenced its business.

On motion G F Boynton was elected Secretary pro tem.

Reports were then read by the Executive Committee, with regard to examinations for teachers, and appointments for discussions in the various branches. After discussing and arranging the programme the report was approved when the meeting adjourned.

AFTERNOON SESSION —The Association was called to order by Bishop Scott.

Mr Taft discussed the subject of Orthography and Orthoepy each of which was followed by a lengthy and interesting, though separately by several members.

Business relating to the evening lectures and some other matters was then attended to when the Association adjourned to meet at the M E Church at half past six P M.

Association met in the Church at the appointed hour, and listened to a brief comprehensive and appropriate address delivered by Bishop Scott.

THURSDAY Feb 5th A M

Meeting called to order Rev I Nesbit in the chair.

Several other members having arrived and the constitution and records obtained, the minutes of the Annual Session at Salem and the Constitution also the pledges of eligibility were called for in order and approved.

Thirteen persons then joined the Association.

G F Boynton then discoursed on the subject of grammar.

Mr Prambes followed with remarks and examples illustrating Arithmetic. A spirited discussion followed till noon when upon motion, meeting adjourned.

AFTERNOON Session—The President being absent Vice President H Cummins took the chair.

W H Shaw was called and made some remarks on Phonography.

Gov Gibbs followed with some brief but pleasing and practical remarks on School Government. A lengthy discussion ensued.

On motion, the subject of Penmanship was called and interestingly discussed by Mr Cummins.

Association then adjourned.

An able and interesting lecture was listened to in the evening, delivered by Rev P B Chamberlain.

FRIDAY, Feb. 6th, A M

Vice President Cummins in the chair. Minutes of yesterday read and approved.

Election was called for but the speaker being absent, Mr Deardorff introduced the subject very interestingly.

History was then called for but the Speaker being absent it was, on motion postponed.

Mr C H Hall then discussed the subject of Philosophy pleasantly and clearly.

Mr Stinson followed, giving a very clear and interesting outline of Natural History.

Mr McLaughlin then made a brief remarks on Algebra which were followed by a lively discussion.

On motion the meeting adjourned.

AFTERNOON Session —Mr Spencer made some brief but practical remarks on Composition.

Mr Powell followed, with an interesting explanation of the methods and benefits of Physical Exercises, and Military Drill in connection with common schools.

The subject of Text Books was then taken up and discussed at considerable length.

A motion to add Webster's Spelling Book to the list of books adopted by the session at Salem, was lost, 5 to 6.

A motion to add Worcester's Dictionary lost.

A discussion followed when a motion to reconsider the vote on Webster's Spelling Book was made, resulting in its adoption 10 to 5.

A motion to add Davies' Series of Mathematics, carried.

On motion, Revs Spencer and Deardorff and Mr H Cummins were elected a committee to address a memorial to the Legislative Assembly, asking an appropriation from the State for the support of the institution.

G F BOYNTON, Secretary.

ADJOURNED —After a session of two days the Oregon Educational Association adjourned yesterday. At its close the following resolutions were adopted.

Resolved, 1st, That we tender our thanks to the citizens of Portland, for their generous and cordial hospitality to the members of the Oregon Educational Association and Teacher's Institute during its session in the city.

Resolved, 2d, That we also extend our thanks to the officers of the Steam Navigation Companies for the liberal reductions of their rates of fare, for the accommodation of the members of this Association, in attending its present session.

Resolved, 3d, That the thanks of the members of this Association are due, and are hereby tendered to Revs Bishop Scott, I B Chamberlain and Hon A Holbrook for the able and instructive public lectures, delivered before this Association.

Resolved, 4th, That these resolutions be published in the *Daily Oregonian* and *Times*.

G F BOYNTON, R S

The next semi annual meeting of the Association will be held at Eugene City on the first Wednesday in August.

DESERTING —Since Hindman's defeat at Cane Hill by Gen Herron, it is said that hundreds of his soldiers have deserted to Herron's command. Most of them are Mississippians, who express the greatest disgust at the Confederate management of the war. It is hardly possible that Gen Herron will be lulled to sleep by the tales of deserters, for Beauregard's tricks on McClellan should be kept ever fresh in memory.

GOVERNOR MORGAN OF NEW YORK RECEIVED NO PAY AS MAJOR GENERAL —A special telegram from Washington, which was published by a New York journal, of Dec 30th incorrectly stated that Governor Morgan, who had tendered his resignation as a Major General of Volunteers, had drawn pay for services in such capacity while yet serving as Governor of New York. The Albany *Evening Journal* of the same day said the Governor had not drawn a cent.

Storage.—THE FIRE-PROOF STONE WAREHOUSE on the corner of Umatilla House is the only building not made of wood at the Dalles where goods are taken on STORAGE. All other houses that take goods must risque them in wooden buildings and in exposed parts of the town liable to the risk of fire. The owner thus assures his patrons that his charges are but $1.00 per ton per month storage or Cabin and storage in wooden buildings is $1.00 per ton, yet the public cannot fail to perceive the advantage gained by insuring goods over other warehouses of this place.

SPECIAL DISPATCHES TO THE OREGONIAN

CAIRO Jan 29 —A resolution has been introduced in the Indiana and Illinois Legislatures recommending a National Convention to be held at Louisville for the purpose of considering the National difficulties and adjusting the same.

NEW YORK Jan 29 —The Captain of the steamer *Eagle*, from Havana reports that the pirate *Florida* was allowed to leave Havana by the authorities against the protest of the American Consul while the *Badger State* was kept there until morning giving the pirate ample time to escape.

From New Orleans we learn that an expedition under Gen Banks captured and destroyed the rebel gunboat *Cotton* up the Teche river. The gunboat *Tioga* arrived from Key West with the British steamer *Pearl* and a valuable cargo as a prize captured off the Bahamas.

PORTRESS MONROE, Jan 29 —The Richmond *Whig* of the 26th says the enemy is advancing from Newbern Kingston and other points towards Wilmington.

MOBILE Jan 26 —A dispatch dated Milton 20th says the Yankees attacked Morgan's command this morning and after two hours hard fighting with superior forces Morgan fell back.

GOLDSBORO N C Jan 25 —It is reported that an Abolition fleet of 92 vessels, including two monitors and six other iron clads are at Beaufort harbor, also that 52,000 Abolitionists are encamped in Morehead and Carolina counties.

WASHINGTON Jan 30th —In the Senate yesterday Saulsbury apologized for his conduct on Thursday. The case will probably end where it is.

MURFREESBORO Jan 27th —A spirited affair occurred 20 miles from McMinnville on Monday between Palmer's division and seven rebel regiments. The latter were routed with a loss on their side of 40 killed and 100 taken prisoners.

NEW YORK Jan 9th —A Nassau (N P) letter says Gov Stanley's resignation was sent to Washington by last mail. It is based on the President's Emancipation Proclamation, which Stanley strenuously opposes — the army and navy and Union citizens oppose the appointment of any successor.

A correspondent of the *Tribune* says the *Harriet Lane* is blockaded in Galveston bay. The rebels are fortifying the Island, and hitting up the *Harriet Lane*.

Gen Weitzel has succeeded in getting a large force in the enemy's rear, at Bay Teche, thereby completely flanking them.

Headquarters Army of the Potomac Jan 30 —Vigorous measures are in progress to secure the return and punishment of deserters. A heavy snow storm set in Tuesday. The ground is now covered to the depth of several inches.

MEMPHIS Jan 28th —Advices from the South say that Van Dorn, with eight brigades left Grenada last Sunday morning in the direction of Memphis. There were 50 000 men at Grenada on Saturday, at least it was so reported.

NEW YORK, January 30 —Advices from Mexico, confirm the reported defeat of 4,000 French by 8,000 Mexicans. The affair occurred on December 28th. The French were completely routed.

White's Peruvian Ague Drops For the cure of AGUE, FEVER AND NEURALGIA and GENERAL DEBILITY.

This medicine has been used in private practice for many years with great success. Indeed in no instance has it failed to effect a speedy cure in Ague especially, one bottle having been found sufficient in most cases and in none are more than two bottles required.

A great number of testimonials could be given to verify these statements but the proprietor prefers relying upon the merits of the medicine alone. A cure is guaranteed in nine cases out of ten.

Prepared only by ROBERT WHITE, Chemist and Druggist, Main street, Placerville and Broadway, Upper Placerville. For sale by all respectable Druggists throughout the State.

FOR SALE BY THOMAS PRITCHARD

A Card.

PORTLAND February 6th 1863

TO THE EDITOR OF THE OREGONIAN:

Sir—An irresponsible person signing his name G D Agur has seen proper to bring our name before the public in regard to a Prize offered by us to any person making three hundred on our Bowling Alleys, and claiming that he won the same and we refused to give him the prize.

We decline further paper controversy with any such person as his statements are entirely untrue.

And when the prize offered is fairly won, the public generally and our friends know we will not fail to maintain our obligation. KELLY BROTHERS.

EXPORT BUSINESS FOR A MONTH.—The following table is an exact account of the exports from this place sea-ward, from the 1st of January, 1863, to the 2d of February:

Flour		480 qr sks.
Oats		75 sks
Bacon		52 pkgs
Apples		20,689 boxes
Hides		1,788
Cattle		205
Butter Eggs and Lard		100 pkgs
Sheep		160
Hogs		3
Wool		3 bales.
Treasure		$257,000

It will be observed that the movement of treasure is nearly $300,000 a month for the dullest month in the year. Business during the time has been absolutely nothing, and the production of gold has almost ceased in our gold-fields for three months past; still the shipments of treasure are at the rate of largely over $3,000,000 a year. During the last year this place is credited at San Francisco with about $3,750,000, which we feel sure is far below the real amount. Heretofore the San Francisco press has manifested no partiality to this place in the acknowledgement of treasure receipts, and we have repeatedly shown that moneys from here have been credited to our British neighbor, Victoria. For the future we design that this shall be remedied, and ask the co-operation of the business community in reporting the treasure shipments, and such other matters as may tend to give this city the prominence which is justly due it in the commercial world. Without communicativeness on the part of those engaged in trade and finances we find it extremely difficult, if not impossible, to meet the requirements of the case.

FIRE-TALK.—After the firemens' election, night before last, the usual amount of "training" was done, or rather an unusual amount of it, ending in all hands getting well moistened outside and inside. As always happens on such occasions, the leading topic of conversation was the respective merits of the "Machines" composing the Portland Fire Department. There has always existed in the minds of the youth of different cities ineradicable differences of opinion upon the merits of different kinds of engines. One must needs look a long ways to find a New Yorker who believes in Hunneman's or a Boston man who would touch one of Button's, Smith's or Jeffries' engines with a ten-foot pole. One prefers a quick stroke, another a slow stroke, some want the brakes geared short and others long; one objects to pumps over six inches in diameter, and another thinks the bigger the better, and so on to the end of the chapter. Among our firemen, however, a very good understanding existed, to the effect that all should agree to disagree. The most cordial good-will prevailed among all the companies, and many an over-full wight started for home with the full determination to beat No blank to the first fire. Perhaps a more striking proof of the peaceful character of the firemen's jollification cannot be presented, than the fact that Jimmy R., who would not formerly speak to a man who ran with a Hunneman engine, was actually on the best terms with 2's fellows.

STREET LIGHT.—Some weeks since, application was made to the Common Council to have a street-lamp placed at the intersection of Morrison and First streets, but the matter was not acted upon. It is true that the blocks above and below, on First street, have lamps upon them, but this crossing is a miserable place. It is at the corner at which so many turn up Morrison street to go to the upper part of town, and a lamp would indeed be a blessing to citizens. In order to get it, it will be necessary to throw more earnestness into the movement than has been done. A light at that place would disperse the rough talkers that occasionally gather there something much to be desired.

A DEAD CALF.—The carcass of a calf has been lying near the filthy side-walk on Morrison street, for the past eight or ten days, and is likely to remain there until its putrefaction shall have polluted the atmosphere around the residence of its owner beyond endurance, unless the Street Commissioner carries it to be removed at the expense of the city. As it is in the direct path travelled each day by more than one-half the scholars attending the public school, a due regard for health and decency should cause its speedy removal.

CHANGE OF UNIFORM.—Vigilance Hook and Ladder Company has changed its uniform from blue and white to the New York style of simple red, with black belts.

REV. O. DICKINSON, of Salem, will preach in the First Congregational Church to-morrow, at 10½ A. M, and at 6½ P. M.

PURE LIQUOR.—It has often been remarked by Physicians and others, that a moderate use of pure Liquors would injure no one, and from what we have heard, there is no place in this city where a better article can be found, than at John W Sutton's, No 8, Morrison street. Their "security cocktail" is excellent. Some of those who have tried this mixture, say it is a perfect "enlivener" of debilitated human nature.

Coughs.—The sudden changes of our climate are sources of PULMONARY, BRONCHIAL and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "*Brown's Bronchial Troches*," or Lozenges, for the Cold Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement. dec16daw3m

DOCTOR VAN ZANDT,

CONSULTING PHYSICIAN & SURGEON,

Office, Corner of Washington and Sansome streets, San Francisco.

The GREATEST SUCCESS of this CENTURY as an AID to PRACTICAL MEDICINE.

The Most Intimate Relation between Nature Electricity and subservient to the Cure of all Nervous and Spinal Diseases.

THAT THIS POWERFUL AGENT SUCCESSFULLY ALLIED itself to the science of medicine, has long been the great want of the world, and the necessity felt by physicians, to aid them in the treatment of acute and functional derangements of the human body. It is a part of that great principle of vitality known as nervous influence and necessarily must have much to do in obtaining diseased action.

Too Much Cannot be Said

In the praise of a truly mighty principle that in health elects in an exact equilibrium of the Electric principle and should this subtle principle suddenly impose ill health be it low or high—should the body be negatively electrified what shall be its positively charged—is not the current broken and in other words forces going on in the system? This needs correcting, and in order that the diseases of the body should be susceptible to remedial agents, we must first get at it.

Awaken the Magnetic Life within us

The spinal and sympathetic nerves receive me. Believing as I have at hand in this great magnetic or electrical intensity of the earth, with its influence upon our bodies in health and disease I am led to take advantage of the Press, through which to awaken attention to the subject that good may come to all.

No Compromise with Disease.

Give the body strength and nature will relieve herself. Purify the life blood, restore the stomach liver heart kidneys, and all the natural functions will receive by ELECTRICAL excitation and at once the dead life poised the nervous, the inspirited, the quench'd the dyspeptic and the invalid revive under its benign influence.

To the Ladies of California.

Dr Van Zandt's success with complaints of women, both in family and office practice is owing to his correct views of the origin of all their maladies. Ladies can consult him with entire confidence, as he is not specular or upon human life—but applies himself the only member of the legitimate profession in California who is really successful in removing those ills which are the peculiar province of the sex. His high appreciation of their delicate attuned nervous organism together with their great sympathetic life, renders him ably able to assuage those silent complainings which they bear so patiently and so long. No social disquietude need longer afflict our home circles, for he can awaken the stricken energies restore the wasted tonicity of the body, awaken the melancholic and despondingly arrest those drains which cause so much anxiety; cure those protean maladies which have so long

Baffled the Skill of Physicians.

Derelpa appetite life and animation, dispel nervous headache, sinking at the stomach wandering pains, wasting away of strength, extreme debility and lifelessness, hectic cough sleeplessness unpleasant dreams and that general depression of life's powers, which go to render her life a misery and death a boon. Dr Van Zandt, with his new method of exciting the Electro-Galvanic current, together with his remedial measures which are adapted to the necessities of California, will assure you of a complete and radical recovery of all bodily and mental infirmities, and will restore him to usefulness and spare you a blessing to your family and society.

All the world over

wherever disease exists, whether special to the soil and climate or common to all regions—epidemic or casual, acute or chronic, stagnant or non-contagious—it is no necessary to restore the ELECTRO-VITAL equilibrium, especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through many years, and verified by hundreds of patients; so that no principle of science, no rule of experience, no result of any well known cause, rests upon more sure and unassailable foundations, than those which underlie the world-wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility or prostration, coughs, asthma, wandering pains of a rheumatic gouty or neuralgic character, and all forms of disease, the result of scrofula or constitutional habit of body.

None Need Despair of Health.

If you have ulcers which will not heal—pains that cannot be removed—melancholy which you cannot shake off—loss of power which you cannot regain—depression of spirits which weigh you down—wakefulness that knows no sleeping—business that languishes for want of energy—a void which no society can fill—suspicion which no assurance can allay—Go to Dr Van Zandt, for his great success and the safety with which he administers his new method of electrical excitation together with his remedies, which are adapted to the requirements of climate and constitution, will assure you of a complete and radical removal of all bodily and mental infirmities, within the scope of science and man to remove.

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr Van Zandt has made these afflictions an especial study, and that he is the only Surgeon in our State who has all diplomas for that branch of practice. Very many of the eye and ear troubles are purely deranged nervous action, and are cured by his electro-galvanic battery—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on these delicate organs of sense.

DR. BAKER'S

PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I do not hesitate to say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the patient and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhœa, or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton, and bathe gums at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Wrist, bathe the parts affected morning and night, at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea, it will take out all the inflammation and heal the sore in a short time.

NEWSPAPERARCHIVE®

THE PROCLAMATION — 'Pontemercy,' the New York *Tribune's* Nashville correspondent under date of December 19th says

The slaves themselves comprehend it fully They are all looking to the first of January with eager impatience I have been informed by women that their own family servants have attempted to rent houses in Nashville preparing to go to house keeping for themselves on New Years Lieutenant Colonel Kerr of the Second Illinois who was captured by the rebels a few days ago and has returned, says that the enemy profess determination to revenge the proclamation upon the Yankees An incident indicative of the prevalent feeling among the negroes and their masters is narrated by him He was dining at a hotel in Murfreesboro A negro servant was rather impudent to a rebel officer The latter rebuked him with an oath Shut up God d—n you your time ain't up until the first of January " Christmas week is dreaded all over the South The people do not apprehend an uprising of slaves but they fear a general stampede of slaves They are so impressed with the influence of the proclamation, and so distressed by war that they are indeed almost as anxious to be rid of their slaves as their slaves are to be relieved of their bonds

GEN BURNSIDE'S JUDGMENT CORRECT —We learned immediately after the engagement at Fredericksburg, that the rebels had so far exhausted their supplies of artillery ammunition as to be compelled to fire bars of iron from their cannon These statements are now not only confirmed, but it is certain they also fired stones and such other unusual missiles as came to hand most easily There seems to remain scarcely a doubt that their ordnance would have been nearly useless on Sunday, and it becomes more and more plain that General Burnside's judgment was correct in the whole proceeding, and that his chief error was in subordinating his own convictions to those of his officers. Had the battle been renewed on Sunday, success would most likely have crowned his efforts, and the Army of the Potomac would have secured, for the first time, those substantial fruits of victory of which they have been so often deprived by envious fortune —*Correspondence of the New York Times.*

CAVALRY —General Rosekrans ordered Colonel Harrison of the Thirty-ninth Indiana regiment, lately, to get horses and have his men mounted. The Commanding General desires to use them for chasing guerrillas and other important service, requiring speed, dexterity and boldness He proposes to arm them with revolving Minie rifles and to give them if possible, better horses than our cavalry have generally got The rebels are mounted on the very best of horses, and their superiority in cavalry is largely due to this fact

EXPOSES IT.—The Esmeralda *Star* says The President's Proclamation we heartily endorse, and so far as our humble pen can sustain him it is at his service, and as it has been our privilege heretofore to follow the old flag in the land of the Aztec, we have a blade the use of which we are not ignorant, to strike for it again, when called upon to use it for the defense of American Nationality, the Union, and its glorious old banner, the stars which shine and the stripes which wave alone for liberty."

Proclamation by the Governor

EXECUTIVE OFFICE PORTLAND OREGON January 5th 1863

By the President of the United States the Brigadier General George Wright commanding the Department of the Pacific and Brigadier General Benjamin Alvord commanding the District of Oregon I have been requested to complete the 1st Regiment of Cavalry Oregon Volunteers They will be recruited through Springs on the frontiers of this State and Washington Territory and for actual service against the Snake Indians who have long been mercilessly engaged in murdering emigrants and murdering our fellow citizens I cannot doubt that the citizens of Oregon who have always promptly responded to any demand for their military service will in like manner respond to this call thereby showing their loyalty to the Government and aiding in chastising marauding bands of Indians which infest our frontiers

The enlistments when mounted will be supplied with horses by the United States Horses and rations will be furnished when in the field and I think they will be immediately if it shall be deemed advisable by the Government

Propositions to raise a whole company which will furnish their own horses and horse equipments may be entertained The men are to receive as cavalry forty cents a day for the use and risk of their horses and horse equipments

Each company will consist of one hundred enlisted men and when mustered into the service of the United States to serve for three years, unless sooner discharged

Recruiting offices will be immediately opened at Portland, Dalles City and perhaps at other places By the Governor

ADDISON C GIBBS,
CARLOS A REED Adjutant General
